

Agenda for Danville Conservation Commission

Meeting Monday, January 5th, 2025 @ 7pm

Location: Town Hall Meeting

1. Approve December minutes
2. Welcome and meet with Dusty May from the Northwoods Stewardship Center and go over plans for trails in the town forests.
3. Read over AJ's Pumpkin Hill Management Plan and discuss.
4. Annual Review blurb is due on the 24th of January for the Town Report. Start composing.
5. Any other business
6. Schedule next meeting.

The Danville DCC has been working hard at making trails and maintaining the Danville town Forests. We encourage you all to get out and enjoy the town forests during the winter especially the Rogers Lot where there is plowed parking access and there is a marked snowshoe trail.

Recently we have started the 10 year update on the Pumpkin Hill Town forest Management plan with the help of our new County Forester AJ Follansbee. He has completed a current forest inventory and will be presenting his recommendations to the board. As a part of this update we will be inviting the community to this presentation by AJ to educate, update and accept public comment on this process. Stay tuned for dates of this presentation as well as walks and events.
