

# **Draft Minutes for Danville Conservation Commission**

## **Meeting Monday, January 5th, 2025 @ 7pm**

Location: Town Hall Meeting

Attendees: Dusty May, Vange Morse, Jo Oliver, Julia Rapczynski, Bridget

1. Welcome and meet with Dusty May from the Northwoods Stewardship Center and go over plans for trails in the town forests. Spoke about building a bridge at Rodgers Lot, and cutting a new trail in at Pumpkin Hill. Dusty offered different ways that Northwoods could be a part of those improvements depending on our budget and Dusty is going to send us the price list and we will set a date in the spring maybe April in order to assess exactly what needs to be done. There are lots of options as far as using Northwoods and their crews, which could also serve as an educational resource.
2. Annual Review blurb is due on the 24th of January for the Town Report. Vange will compose and send. We will want to include a blurb about a public meeting for the Pumpkin Hill forest management plan. As well as reach out for more volunteers.
3. Reach out to Barry Calhoun to see if he wants to do the milfoil update for town Meeting day . - Jo will reach out.
4. Put David Irwin and Julie on the regular meeting mailing list
5. Julie is going to see if there are any grants we can apply for concerning recreation in the town forests.
6. The next meeting is February 2nd when AJ will be meeting with us to go over the draft Management Report.
