Danville Dog Park Committee

Do you love dogs? Is your best friend looking for a safe place to socialize and play? The Danville Dog Park Committee wants you! We are a Town Committee that is striving to establish and maintain an enclosed, off-lease, community dog park where well-behaved dogs and dog owners can exercise and social in a safe and enclosed area. To support this mission, we will oversee the operations of the park, and regularly report to the selectboard with recommendations for operating rules. We'll be doing fundraising, grant writing, and more. It takes a village – so there is a role for you!

Help us make the long-awaited Danville Dog Park a reality and join us! Please send a brief statement about why you would like to serve.

Here are the responsibilities that we envision on the committee

Chair: Sets the agenda and run the meeting; liaises with selectboard and may appoint another committee member to do so.

Secretary: Takes minutes, posts notices of meetings

Technology Chair: Manages the web site, oversees social media campaigns

Fundraising Chair: Writing and managing grants on behalf of the committee; organizes events

Outreach Coordinator: Liaise with local stakeholders, such as veterinarians, dog walkers, service providers, and trainers to raise awareness of the park; write summary for the Town Report
