### EMERGENCIES CAN TAKE MANY FORMS

Ice storms, floods, fires, major traffic accidents, and similar events can cause power outages, isolate individuals, or prompt the need for evacuation. If prolonged, these events may become life threatening for people with certain disabilities or other circumstances. The Citizens Assistance Registry for Emergencies (CARE) program was created to help emergency responders identify Vermonters who might need additional assistance in case of a wide-scale event.

**CARE helps emergency responders identify Vermonters who might need additional assistance in case of a wide-scale emergency.**
