- Hill Street

Walking tour of town to discuss the public areas of the Danville Village. Group toured and built a list of desired changes to Town owned property and infrastructure. List will be used to help guide future projects, improvements and as a means to collect constructive feedback about town owned/managed areas in the village. The group was asked to consider the following when they were helping build the list:

- How does it look?
- Is there need for repair?
- Are there any safety concerns?
- How might we improve upon what we have?
- Do we have access to the resources needed?
- What can we appreciate about what we have today?
- What do we want to preserve about what we have-or have had here in the past?

This list will be organized and followed up at a meeting on May 29, 2024 at 5:00pm at the Town Hall. When this process is finished, possibly needing more than one meeting more to complete, it will be brought to a regular Selectboard meeting for presentation and next steps.

2. Adjourn – Alison Low motioned to adjourn 1:05pm.
