

Hello current or past participants in the South Caledonia County Window Dressers program,

This season, we're at *only* about 150 estimated window inserts, and our goal is 300!!

**Tell your friends! Tell your neighbors!**

If you know anyone who could use a window insert (or could use more yourself) let me know. We'd love to get some more folks on our list to be measured.

Also, we'll be promoting the program at the Danville Parade on August 3rd. If you would like to help out by walking alongside our "float," (maybe passing out fliers or holding a sample?): reply to this email and we'll get you on board.

Thanks in advance,

Paul
