

Town of Danville
Special Selectboard Minutes
October 24, 2024
North Danville Village Center Intersections
7:30 am

Board Members Present: Janice Ouellette, Alison Low, and Eric Bach

Board Members Absent: Peter Griffin and Glenn Herrin

Others Present: Audrey DeProspero, Keith Gadapee, Greg Prior, Beth Ferraro, Jeff Paquet, Cathy Dellinger, and Melissa Hadder

Selectboard met with various residents to view the intersections of the North Danville Village. Discussion was on intersection's blind corners, near the bridge and the s-curve and other intersection whereas the hedges hide pedestrians who are walking. Concern in the area is the speed of the vehicles. Current speed is 30 and comments were 25 or lower may be better suited for the area. Other suggests were rumble strip, 3-way stop (discussion with AOT would be needed because of change of traffic pattern), enforcement (constable or law enforcement), creating something that confuses or restricts persons, speed strip, and traffic calming island.

Noted was the speed is due to a lack of respect by drivers for the village, the mindset of persons driving and use of cell phones while driving.

Adjourned 8:27 am
